

# Prairie Ecosystem

Aberdeen was first founded on a Prairie. The ecosystem of the Prairie existed for thousands of years and included both plants and animals.

Can you find in the picture above:

1. Bison?
2. Sunflowers?
3. Fox sleeping in his den?
4. White-tail deer running?
5. Prairie Cone Flower?
6. Duck eggs in a nest?
7. A Redwing Black Bird?
8. Badger digging a hole?
