Weed & Pest Department Monthly Update:

We are currently working on bridges & rip rap, and shoulder kill. Just need a couple good days of weather to finish it, but the wind has been limiting how much we can spray. The landfill has been sprayed for wormwood & thistles. We also sprayed the fairgrounds for dandelions, and did a bare-ground treatment for the new baseball complex East of town. We'll be ready to go on right-of-way spraying as soon as we're done with our current jobs.

Chris Hemen has submitted the county's application for the mosquito grant and has also turned in receipts to the Dept of Ag and Natural Resources for reimbursement on the 2021 Dept of Ag grant.

We received a call regarding some gophers on the edge of town. Chris Hemen gave the info to Tyler Bierman to pass along.

The next meeting is scheduled for Tuesday, June 15<sup>th</sup>, at 11:30AM in the Brown County Weed & Pest shop.
